

[Report #014] Empower 💎 Software Engineer **URL:**
https://empower.wd1.myworkdayjobs.com/Empower_Careers/job/Bengaluru-India/Software-Engineer_R10123 **Legitimacy:** High Confidence (Real-time Workday posting) ## A. Match con CV (Score: 4.2/5) - **Strengths:** Perfect tech stack match: React, Java/Spring Boot (user has Node/Django background, easily transferable), SQL, and unit testing (Jest). - **Cites:** "Built responsive frontend features for an open-source hospital management system using React (TypeScript) and Tailwind CSS." - **Testing:** "Implemented Playwright end-to-end tests" directly maps to Empower's focus on QA standards and testing. ## B. North Star alignment (Score: 4.5/5) - **Archetype:** Full Stack Developer - **Fit:** Primary. Matches "Full Stack Developer" target archetype perfectly. ## C. Comp (Score: 4.0/5) - **Market:** Empower (formerly Great-West Financial) pays competitively in Bangalore, likely ?15L-25L for this level. ## D. Cultural signals (Score: 4.0/5) - **Signals:** Established financial services firm, focus on quality and peer reviews. ## E. Red flags (Score: 0) - No significant red flags. ## F. Global Score: 4.2/5 **Verdict:** Good match. Strong alignment with skills and target role. Recommend applying. ## G. Legitimacy Assessment: High Confidence Signals: Official portal, recent posting (May 2026), specific job ID R10123.
